Kensington Lodge Attends Services

in Methodist Church. Kensington Masonic Lodge, No. 198, attended the services of St. Paul's Methodist Episcopal Church of Kensington yesterday and heard a sermon on "Masonry" by the pastor, Rev. R. A. Spielman. "The Bible," said the preacher, "is the foundation of the order."

After dwelling upon the history and salient features of Masonry Mr. Spielman said, in part:

"However strange it may sound to some yet every true Mason is a man of prayer yet every true Mason is a man of prayer. One of the most forceful lessons taught in the lodge is that we should never engage in any great undertaking without first invoking the blessing of the Deity. The commencement and ending of all Masonic labor is attended with prayer.

'We are often admonished that we do not evidence the high designs of Masonry by the conduct of the individual member. It is not Freemasonry that makes men It is not Freemasonry that makes men worse; it is the base and immoral tendencies of the man. If Masonry does not make him better it is because he does not give heed to its noble precepts. It is not the worthlessness of the order; it is the worthlessness of the man."

UNSELFISHINESS DISCUSSED.

Subject of Sermon by Dr. Wilson in Assembly's Church. At the Assembly Presbyterian Church yesterday morning the theme of Dr. Wilson's sermon was "The Needs of Human-

ity in an Unselfish Service of Sacrifice for Others." The discourse was based on the story related in Matthew xx, of a fond mother, the wife of Zebedee, bringing her two sons to the Master to secure official position of

special honor in the kingdom, which the prophetic mind at that time believed would be established on the earth. The speaker stated that especially dur-

ing the latter portion of Christ's ministry on earth his paramount idea was that of service-"emptying himself" for the good of others. And even with this sublime example constantly before them, the minister said, "the very men the Savior had trained for the work showed a reactionary spirit and, losing sight of His declaration, 'My kingdom is not of this world,' were thinking of pomp and power and preferment in a royal court and picturing themselves as obtaining honor rather than giving a sacrifice of service. If such condition of mind obtained among

these chosen few breathing so holy an at-mosphere, the speaker said, small wonder is it that in the world in general the spirit School six weeks ago, has not been found. His father, W. S. Brown, who resides at 2301 I street, has again asked the police of self love should be accentuated.
"The spirit of service in the gospel gives to men doing the world's work something of that same seeking after, reaching forth

not to receive but to give, not to take in but to put forth, all in the shape of help-fulness we have to bestow," Mr. Wilson de-In closing he said: "The beautiful exemplar and embodiment of this spirit of help-fulness, without which this world were a poor abiding place, is to be found only in Him who came not to be ministered unto,

but to minister and give His life a ransom for many." At Eastern Presbyterian Church. Rev. Dr T C Easton departed for his vacation this morning. During his absence
